PROJECTS

[SpeakOut](#)

[GitHub](#)

An app designed for administration of an English school such as registration, attendance, and course enrollment

React | Node | HTML | CSS

- Collaborated remotely using Slack and Zoom as a member of a team of 5 full stack web developers
- Built on code base of prior team to create frontend functionality and the addition of features including tables, forms, and refactored Redux in order to communicate with refactored backend API
- Utilized ANT Design (UI Library) to provide stakeholder with intuitive and attractive user interface

[Evends](#)

[GitHub](#)

An app designed to allow vendors in Eastern Africa to properly price and sell products to a wider range of markets

JavaScript | NodeJS | Express | Knex | Heroku

- Solely responsible for creating seeds and building endpoints for project's backend and server-side functions
- Worked closely with frontend developers to adjust endpoints as needed in development and production

[SaltiestHackerTrolls](#)

[GitHub](#)

An app designed to analyze and rank the most interesting and active commenters on Hacker Rank articles

React | Node | HTML | CSS

- Collaborated remotely with a cross-functional team of web developers and data science engineers
- Built components, implemented state management via Redux and React Hooks, deployed via Zeit

EXPERIENCE

Law Office of Rick Jones PLLC, Murray, KY

March 2015 - March 2019

Legal Office Assistant

- Managed legal office operations including mail, billing, paper filing, inventory, scheduling, and customer service for small law office consisting of one lawyer and an office clerk
- Drafted various legal documents in areas of real estate, probate, litigation, bankruptcy and banking
- Performed title searches on real estate for the purpose of title certification and prepared for real estate closings

Murray Sewing Center, Murray, KY

September 2013 - March 2015

Sales Associate

- Helped customers select fabric and other goods for quilting projects, sewing projects, and upholstery
- Stocked merchandise, managed cash register, created project kits, took upholstery orders
- Encouraged sales by assisting customers with envisioning and designing various types of projects
